Allmaier Toni via ferrata route

Description

Lovely via ferrata route on the jagged eastern ridge of the Weittal summit. The trail is well signposted (red dot with a blue edge). The initial flatter section is somewhat easy and ends at the so-called 'Barbaraplatzl'. In the following, steep rock face (difficult) you finally come to the key point in the shape of a smooth ledge.

Upholder: AlpinPlattForm Lienz
