Description

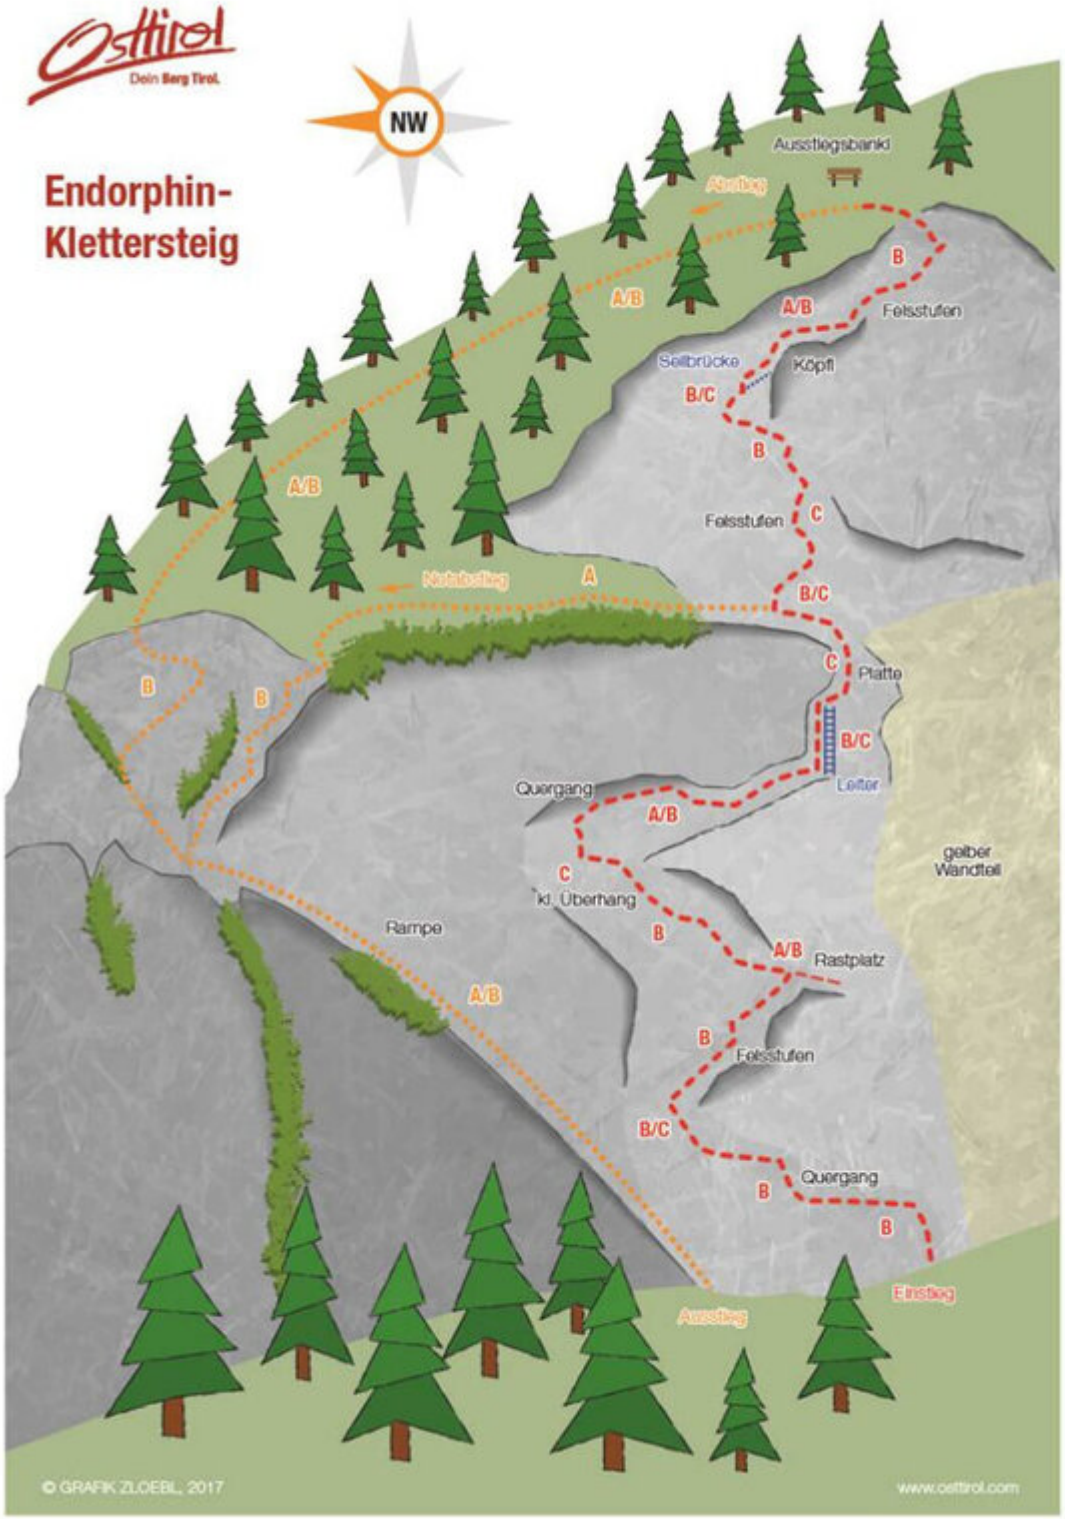

The highlight is a six-meter-long ladder that is extremely exposed but can be managed with a little courage and without much physical effort. At an elevation gain of 400 meters and a climbing time of about 1.5 hours, the via ferrata offers exciting sections across walls and slabs. The difficulty level is rated C for the ascent and A/B for the descent.

Equipment: Complete via ferrata gear and helmet. A complete via ferrata set can be rented at the ticket office for a small fee.

The via ferrata is only accessible during the water adventure park’s opening hours.

Maintainer: AlpinPlattForm Lienz
