

Altitude profile

The most important at a glance

difficulty B/C	length 500 m	duration 2 h	exposition SW	sea level starting point 2596 m
sea level entry point 2596 m	sea level highest point 2744 m	access time to the entry point 3 h		
walking time descent 3 h	state: open			

best season: JUN, JUL, AUG, SEP

access:

From the Dolomitenhu?tte car park via the normal route to Karlsbader Hu?tte, from there continue initially on the route to Kerschbaumer T?rl, then after this bear left on a clearly signposted path up to the memorial cross under the Teplitzer summit. Continue across scree fields to ?dkar and on the path up to the ?dkar wind gap. Right at the entrance there is a signpost with information about the via ferrata route.

descent: Same as the ascent, but bypassing the Eggerturm.

Description

The route which has a steel cable throughout takes you to one of the loveliest viewing mountains in the Laserzkessel.

In spite of the moderately difficult sections, the tour has an alpine character and with the variants via Eggerturm, there is a technically challenging, exposed section.
