Kristeinertal No. 123

Description

The route proceeds from the fire station in Mittewald via the rural road to Vergein. From there into Kristeinertal and to Linderkaser (not open for business) and past the well-known Carnica beekeeping facilities. After a somewhat steep ascent you reach the destination of the route, the Gölbnerblickhütte, which is open for business and the Celarkappelle. After some refreshments on the idyllic and paradisiacal Celar pastures at 1750m, the route continues back along the same path.
