## Description

This leisurely ski tour leads from the district of Oberlesach via beautiful open forests to the tree line where the Lesachriegelhuette is located. The south-facing terrain is gently rising and therefore mostly avalanche-proof. Just above the hut you will be able to enjoy a top-class view. Glockner, Grossvenediger and especially the striking mountains of the Schober Group will make you want more!

Possible descents:

The descent is possible either on the driveway or across beautiful slopes.
